APPLICATION

monta pack 351 is a transparent adhesive tape reinforced with continuous glass fibres in longitudinal direction for multiple applications. It is suitable for bundling, strapping and reinforcing. The tape ensures the closure of heavy cartons and cartons containing dangerous goods.

PROPERTIES

- high longitudinal tensile strength through reinforcement with continuous glass fibres
- excellent shock and impact resistance
- very high adhesion and holding power
- moisture resistant
- easy to unwind
- suitable for recycling processes

Technical Data	Unit	
Backing		polypropylene film, biaxially oriented, reinforced with continuous glass fibres
Adhesive		synthetic rubber (hotmelt)
Breaking Load	N/25mm N/cm	minimum 650 minimum 260
Thickness	mm	0.120 ±10%
Adhesion Strength on Steel	cN/25 mm N/cm	1800 ±150 7.2 ±0.6
Colour		clear
Core Diameter	mm	76

Please note that all information is based on manufacturer's data. We therefore recommend testing the suitability of the self-adhesive tape for the designated application or use.
