APPLICATION

monta pack 361 is a very sturdy transparent adhesive tape reinforced with continous glass fibres in longitudinal and cross direction. It is especially suitable for bundling, strapping and reinforcing of cylindrical plastic or metal parts. The tape ensures the closure of heavy cartons and cartons containing dangerous goods.

PROPERTIES

- high tensile strength in lonitudinal and cross direction through reinforcement with glass fibres
- excellent shock and impact resistance
- very high adhesion and holding power
- moisture resistant
- easy to unwind
- suitable for recycling processes

Technical Data	Unit	
Base		polypropylene film, biaxially oriented, reinforced with continuous glass fibres
Adhesive		synthetic rubber (hotmelt)
Breaking Load	N/25mm N/cm	minimum 750 minimum 300
Thickness	mm	0.130 ±10%
Adhesion Strength on Steel	cN/25 mm N/cm	2000 ±150 8.0 ±0.6
Colour		clear
Core Diameter	mm	76

Please note that all information is based on manufacturer's data. We therefore recommend testing the suitability of the self-adhesive tape for the designated application or use.
