APPLICATION

monta pack 370 is a sturdy tape for the closure of medium heavy to heavy cartons, palletising and strapping. Because of the backside coating the adhesive tape is easy to unwind and ideal for the application with packaging machines. The tape is especially suitable for heavily strained packaging. Due to the thin film the tape is very flexible.

PROPERTIES

- high tensile strength
- high immediate tack and adhesion on various surfaces
- easy to unwind
- resistant to diluted acids and alkalies
- temperature resistant: after application at room temperature from approx. -30°C up to +150°C short term
- suitable for recycling processes

Technical Data	Unit	
Backing		polyester film, biaxially oriented
Adhesive		natural rubber
Breaking Load	N/25mm N/cm	minimum 100 minimum 40
Thickness	mm	0.041 ±10%
Adhesion Strength on Steel	cN/25 mm N/cm	500 ±150 2.0 ±0.6
Colour		clear, white, brown
Core Diameter	mm	76

Please note that all information is based on manufacturer's data. We therefore recommend testing the suitability of the self-adhesive tape for the designated application or use.
