APPLICATION

monta pack 376 is a very sturdy adhesive tape for the closure of heavy to very heavy cartons, palletising and for strapping and bundling. The tape is especially suitable for heavily strained packaging. Because of the backside coating the tape is easy to unwind and therefore especially suitable for the application with packaging machines.

PROPERTIES

- high tensile strength
- high immediate tack and adhesion on various surfaces
- easy to unwind
- resistant to diluted acids and alkalies
- temperature resistant: after application at room temperature from approx. -30°C up to +150°C short term
- suitable for recycling processes

Technical Data	Unit	
Base		polyester film, biaxially oriented
Adhesive		natural rubber
Breaking Load	N/25mm N/cm	minimum 150 minimum 60
Thickness	mm	0.055 ±10%
Adhesion Strength on Steel	cN/25 mm N/cm	500 ±150 2.0 ±0.6
Colour		clear, white, havana brown
Core Diameter	mm	76

Please note that all information is based on manufacturer's data. We therefore recommend testing the suitability of the self-adhesive tape for the designated application or use.
