APPLICATION

monta pack 623F is a security tape for carton closure. Through its characteristics, goods can be protected from manipulation and unauthorised access through third party. When removed, the adhesive tape leaves the mark "OPENED" in various languages which stays evident after re-sealing. It is recommended, to use a high quality white cardboard and wait at least 30 minutes, before the tape is removed.

PROPERTIES

- high tensile strength
- good adhesion and holding power
- low noise and smooth unwinding
- tamper evidence, security wording in 5 languages
- suitable for recycling processes

Technical Data	Unit	
Base		polyester film, biaxially oriented
Adhesive		acrylic water dispersion
Breaking Load	N/25mm N/cm	minimum 110 minimum 45
Thickness	mm	0.050 ±10%
Adhesion Strength on Steel	cN/25 mm N/cm	n. a. n. a.
Colour		red (other colours upon request)
Core Diameter	mm	76

Please note that all information is based on manufacturer's data. We therefore recommend testing the suitability of the self-adhesive tape for the designated application or use.
